

Security Tips: Develop Crime Prevention Habits

OUT IN PUBLIC

Being aware of your surroundings and prepared to respond is invaluable to your safety and security.

BE ALERT

Head on a swivel – keep your head up, constantly looking around and observing your environment.

LIMIT DISTRACTIONS

Avoid texting and/or talking on your phone and having headphones in

BEFORE ENTERING YOUR BUILDING

Have your keys in your hand in advance, don't stop at the door and look for them in your bag.

STRANGER DANGER

Never allow strangers into the building as you are entering or exiting

SECURE YOUR DOOR

Always lock your door even if you will only be out of your suite for a short period.

PROTECT YOUR HOME

Keeping your home secure can deter and prevent criminals from gaining access to your home.

GOOD NEIGHBOURS LOOK AFTER EACH OTHER

Get to know other people who live on your floor so you may be able to identify strangers.

SHARE SECURITY TIPS

Always lock your door even if you will only be out of your suite for a short period.

CALL 911

Report all crime and suspicious activity.
